

On how to reduce the LOS

“There is no one answer to this question as [it] will vary depending on the individual case. However, some ways to reduce the length of stay for these patients may include *early intervention and treatment, community support and resources, and discharge planning.*”

Setting

The background of the slide features a series of overlapping, wavy, organic shapes in various shades of blue and green. These shapes create a sense of depth and movement. The bottom portion of the slide is a solid, bright white area, which serves as a base for the text.
